Aloha Congressman Case,

My name is Barrett KGK Maioho. I am writing to follow up on our previous correspondence regarding Google's Gemini AI.

On May 22, 2025, you wrote to me acknowledging the "complex challenges related to AI safety" and the need for "fair treatment of individuals who raise valid concerns" (See attached response).

Since receiving your letter, the situation has escalated from a policy concern to a Federal Criminal Crisis.

THE ESCALATION (WHAT HAPPENED SINCE MAY):
Retaliation Completed: Google did not just ignore my concerns; they terminated me from their safety program on May 13, 2025, to silence my reports of fraud and malfeasance.

The "Nuclear" Failure: On June 19, 2025, the very AI system I warned you about generated graphic, clinical descriptions of the sexual torture and murder of infants, children, and clergy (Forensic Logs Attached via archive.org links and pdf).

Regulatory Paralysis: I filed NCMEC CyberTipline Report #224141918 and reports with the SEC/FTC. Despite your assurance that Congress is "discussing these issues," the federal agencies have taken zero action.

THE REALITY FOR A LOCAL BOY:

Congressman, I am the grandson of the late Senate President Richard "Dickie" Wong. I know how government is supposed to work. But right now, it isn't working. I am financially destitute because Google stole the wages (> $300k) for the safety work I performed.

I am fighting a trillion-dollar monopoly alone.

THE ASK:

You mentioned tracking the "AI Accountability Act." I don't need a study; I need protection. I am asking your office to inquire with the FTC and DOJ why NCMEC Report #224141918 is being ignored while a Hawaii whistleblower is being crushed.
